# RINGING IN SPRING 5K

**Running enthusiasts and Y supporters are invited to race for strong communities with the Y!**

Ringing in Spring brings athletes of all abilities together at one of the first and largest springtime races in Northwest Indiana!

This family-friendly race is a USATF certified course and a Gold Cup Elite Series race, with chip timing, water stops, awards, free childcare, a post-race party, music and entertainment.

Sponsorship support helps take on community challenges – like the academic achievement gap, obesity and social isolation – by giving all children, families and adults access to quality, life-changing programming!
